About us

Lancaster & Morecambe College's Employer Engagement Team are pleased to announce that they have secured funding from the UK Shared Prosperity Fund (UKSPF), which is part of the new Government Levelling Up Project.

This provides the opportunity for local businesses in the Lancaster District to benefit from fully funded and reduced cost training.

Funded and reduced cost training for **YOUR** business

We are supporting local businesses, entrepreneurs, volunteers and our local community with training and development in line with the local skills demand.

We are supporting businesses with decarbonisation and promoting awareness of sustainable practices. We can help you improve your environmental performance and develop a plan to reduce your carbon footprint.

We deliver Management & Leadership courses certified with the Chartered Management Institute (CMI), Chartered Institute of Personnel and Development (CIPD) and the Institute of Occupational Safety and Health (IOSH).

Management & Leadership Academy

Upskill your team in management and leadership skills with recognised qualifications and development opportunities in team leading and operations.

Team Leader Level 3

This apprenticeship introduces you to different leadership styles, organisational cultures and team management models, as well as the importance of personal and professional development as a first-line manager. This is a practical programme, suitable for a Team Leader or Supervisor who has responsibility for managing a team.

Operations/Departmental Manager Level 5

An Operations or Departmental Manager is someone who manages a team and supports the wider business in the completion of projects and meeting operational or departmental goals and objectives. Leadership and management skills have a major impact on the development, productivity and performance of organisations. This Level 5 apprenticeship will equip learners to develop skills in strategic planning, alongside core leadership abilities.

Work Placements

Can your business offer a work placement? Help students to develop their skills and knowledge in order to get a head start in their chosen career.

Can you offer a work placement?

Work experience is an insight into working in industry, where students have the chance to step into a work place to develop knowledge and transferable skills.

Benefits to your organisation

- Help to nurture the next generation
- Explore new ideas with the student as they currently train in the industry
- Extra resources for your business in day-to-day operations
- Inspire and support the next generation
- Enable your employees to develop their management skills through supervising a junior member of staff
- Cost effective recruitment once the student has completed their qualification
