18th Edition Wiring Regulations

3 day course, £400

12, 19, 27 July

This 18th Edition 3-day course covers the New Regulations which became mandatory in January 2019. The course is aimed at Electrical Engineers, who are looking to update existing qualifications, as well as those wanting to join a government approved Part P scheme provider.

Electrical Inspection & Testing

5 day course, £950

29, 30 July and 5, 6 August, Practical date to be confirmed

This 5-day course is suitable for experienced electricians looking to improve skills and understanding of Initial Verification & Periodic Inspection & Testing of Electrical Installations. The course covers inspecting and testing of new, existing single, and three-phase installation in line with the requirements of BS 7671, as well as the correct completion of certification and reporting.

Site Management Safety Training Scheme

5 day course, £700

18, 25 October and 1, 7, 8 November

The course covers all relevant legislation and other aspects which affect safe working in the building, construction and civil engineering industries. It highlights the need for risk assessment in the workplace, the implementation of the necessary control measures, and adequate communication to sustain a health and safety culture among the workforce.

**For further information or to book your place please contact 01524 521223
or email employerengagement@lmc.ac.uk**

Site Management Safety Training Scheme Refresher

2 day course, £360

21, 22 November

The refresher course is only for candidates who have previously passed the five-day construction Site Management Safety Training Scheme (SMSTS) or subsequent refresher course and hold a valid SMSTS certificate.

Site Supervision Safety Training Scheme 2 day course, £320

3, 4 October

This is a two-day course and is intended for those who have, or are about to acquire, supervisory responsibilities. It provides supervisors with an understanding of health, safety, welfare and environmental issues, as well as their legal responsibilities relevant to their work activities. It will highlight the requirement to promote health and safety to supervise effectively. The SSSTS course is endorsed by Build UK as the standard training for all construction supervisors

Health and Safety Awareness 1 day course, £160

27 September

This Site Safety Plus course is a popular route for anyone looking to take their first step towards obtaining a CSCS Labourers (Green) Card. This one day course can be for those who have entered, or are about to enter, the construction and civil engineering industry. The course gives candidates an awareness of health and safety and how it affects their daily role.
